

Angie Whitney

*City of Garland City Council District 1
Candidate*

Bi-lingual Business Owner, Service Driven

About Angie

Angie began her career as a sportswriter/ broadcaster in San Diego, California. She then moved in to business-to-business sales for Verizon earning salesperson of the month awards virtually every month she was in sales locally and nationally. She came to the DFW metroplex with Verizon to work in the global leadership/sales training department.

Today, Angie owns TrainerAngie.com a Bi-lingual Leadership /Customer Service/Safety Training organization. She loves training front line employees and leaders to take on Leadership roles and coaching them in their new roles. At the City of Garland, she developed the Managing to Lead program and the Customer Service program (SERVE). She has also trained many Garland companies including: Epiroc, Hatco, Mapei, Milano Hats, Datamatique, General Dynamics, Garrett Metal Detectors, Sanden Vendo, Ecolab, Aloe Vera of America, Van Rob, Marlow, Valspar, Sherwin Williams, Kraft, Brille, J&A Manufacturing, Cosmax, Micropac, NCA, Apex Tools, DAP, Plastipac, Carlee, Unity Manufacturing, Firewheel Golf Park...to name a few.

Angie was honored with the 2013 Excellence in Teaching Award at Dallas College.

City of Garland Experience

As a teacher for Dallas College, Angie has had the great fortune to do more than 100 leadership and customer service classes for the City of Garland. She has an incredible understanding of the City and of all the departments. When she chose to move from Irving there was no other city she considered moving to, plain and simple because she loved how the City was run, who was running it, and the direction it was going. Being a member of the city council has been in the works for her since the day she became a Garland citizen. Serving her fellow citizens and helping maintain the safety and sanctity of their home would be her pleasure and her honor. She is proud to have long time City Manager, Bill Dollar as her treasurer, advisor, and friend.

Areas of Expertise

Angie has developed and trained Customer Service and Leadership extensively for the City of Garland along with the Cities of Ft. Worth, Plano, Irving, Mesquite, Dallas County, Farmer's Branch, Benbrook, Lake Worth, and DFW Airport along with the Perot Museum and the George W. Bush Presidential Center.

Her work with municipalities and foundations gives her insight to not only how the cities work, but also a greater understanding of the citizens of those municipalities.

Community Involvement

Angie brought the idea and helped organize the first Habitat Garland Color Fun Run that took place at the Firewheel Golf Park in District 1, honoring the First Responders of the Christmas Tornado. The Thank You posters she designed and asked runners to sign currently hang on the walls at the Garland Fire Administration building, the Garland Police Department, and at the entrance to the Garland 911 Call Center. She has also volunteered and participated in several other Habitat events.

Angie does the live broadcasts for Garland based Doodle Dandy Rescue and all of the live fundraising. She is proud to say that over the past year she has raised more than \$20,000 for the Garland based rescue.

She volunteers at most of the local City of Garland events.

Personal Style

Angie is known for her incredible communication skills. She is one of the great listeners and is able to connect with virtually everyone she meets. Her ability to speak English and Spanish fluently, without accent, opens the door to create a stronger bond between the City Council and the Citizens of Garland.
